How To Make the Best Pasta Salad

This pasta salad recipe is easy to make. Made with simple ingredients, this salad is flexible, so you can make this when you are inundated by summer produce or adapt to what is in season. Plus, you are looking at under 20 minutes from start to finish. Not too

Intégration PHP

- 1 - Création de fonctions
- 2 - Utilisation des variables de session
- 3 - Utilisation des jointures SQL (inner join)
- 4 - Utilisation des foreign key SQL
- 5 - Tests fonctionnalités par un tier, inscription, création de recette...
- 6 - Debug et correction des problèmes d'affichage
